The course will develop students personal finance knowledge and skills, as well as provide context for understanding micro and macroeconomic developments including understanding of U.S. fiscal and monetary policy. Most importantly, students will gain understanding of and appreciation for the central tenet of Economics: that life is a series of choices, and that each choice individuals and firms make have costs and benefits. Students who begin to think in economic terms will enjoy greater success throughout their life in financial, business, and social spheres.

\*For the week of February 21st-February 28<sup>th</sup> curriculum will be focused on Operation Protect and Defend. During that time, federal and state judges come and present before the classes on a specific legal issue. Last year we focused on the impacts of pretrial publicity on juries. The week will culminate with students writing an essay on the topic. Interested students can enter their essay in the contest the organization holds each year. Last year Kennedy students won over \$3500.

**GRADING**

As the course will be reliant upon so many different styles of learning it is critical to pull these apart in the grading program to isolate specific strengths and challenges for each student. However, there will not be category weighting for these areas below. In other words, 10 points on a quiz is no different than 10 points for a homework assignment.

Homework: Prep work for group presentations, Checkpoints for projects
Projects: Term Paper, Debate, Press Conferences, etc.
Class Assignments: Anything we complete during class. PACE Comm. Svc.
Assessments: Quizzes, Multiple Choice exams

**HOMEWORK POLICIES** (Read carefully here students)

We will cover all that we can in class, but there will be a fair amount of reading, researching and writing outside of class as well. The bulk of the homework will be reading from the text. The rest of the homework will be devoted towards preparing for class presentations be it a class debate, a Socratic seminar, or the term paper.

Chapter notes will not be collected this semester, but can instead be counted as an insurance plan for your exams. If you do each set of chapter notes for a unit, and turn it in on the day of the test, assuming you scored less than 90%, you can receive between a 10-20% bump on your score. The thinking here is that we are not all test takers, but that recognitions is deserved for those who take special steps in effectively preparing.

We will be moving very quickly, so get all your work in on time. **Late work** will receive **zero credit**. I understand things come up though, so in the event that you are not able to turn something in on time, please make sure you attach the **Late/Incomplete Work form** to your assignment before submitting it. You can find these on my website. Each student is able to use three per semester. If a pattern forms we will need to meet and discuss different options. If you are absent, you have as many days as you were absent to make up the material. You are responsible for getting any assignments you missed. If you are turning in work late because you were absent, be sure to tell me so I can check it off rather than marking it late. **I will not accept work on a unit of study after we have tested.** You will also need to contact me if you are late on the day of a group presentation by phone or email and get clearance from attendance for illness, **without these expect a 0.** First and foremost though, please remember to communicate with me regarding your absences and/or inability to get work in on time. We need to work together this year, and the only way we can do that is if we are open and honest with each other.

**PROJECTS**

**Term Paper: All of the of the other sections of the term paper project were completed first semester in AP Government.**

1. Rough Draft
2. Final Draft

**From Job to Career Project**

Expect smaller projects throughout the semester as well. These will offer more class time preparation, and should not last more than 3-4 days.

**ASSESSMENTS**

Quizzes will be given at least once a week. These quizzes could take a variety of different forms, and combinations of students. Sometimes, they may be questions involving matching, and other times they may be an oral vocabulary quiz

for a group. All quizzes though will place special emphasis on the vocabulary terms, so please ensure you stay on top of those each unit. I have posted numerous resources on my website from Crash Course videos and study guides to graphic organizers. These quizzes, in most cases cannot be made up since they are assigned in groups oftentimes, so in order to make up the points students may turn in the Vocabulary Template from my website on the assigned chapter. Those templates will be due the Friday following the quiz that week. Please note on the template that you wish to have those points assigned to the specific quiz that you missed.

Note, that if you need to turn in a Vocabulary Template for a given quiz it cannot be counted towards insurance on a unit exam.

Tests will be given usually on Fridays. Tests also will range from multiple choice, short answer, and fill in the blank, or any combination therein.

**Tests can be made up Thursday mornings at 7:25 sharp or after school Thursday afternoons during 6<sup>th</sup> period. If you are unable to make either of these times, please see me to determine a time that can work for both of us. Note that the teacher may use an alternate test.**

## RETESTING POLICY

Each student has an opportunity to retest any unit exam throughout the term. Understand that the second score will be the score you keep, so be ready to take more effective steps in preparing for the retake. Every Tuesday I will hold lunch tutoring sessions to discuss upcoming exams/quizzes, go over the last quiz/exam to help prepare students for the retake, or to discuss project requirements more in depth. The retests will take place the same time as the makeup exams indicated above and should be done within one week of the original exam. These requirements are intended to help the student meet with success.

## BEHAVIOR EXPECTATIONS

Students are expected to be respectful, courteous, and civil. The following are a few of the more notable expectations students will follow:

1. Be on time physically and mentally.
2. Treat others with respect at all times
3. Be on task, and offer help to others if you finish early (when appropriate)
4. Keep your electronic devices hidden and silent unless the instructor approves use.
5. Adhere to the JFK expectations of academic integrity.\*

\*Plagiarism: Plagiarism is the attempt to pass off the ideas, research, theories, or words of others as one's own" (College Board). There are however a number of assignments throughout the year where the teacher will encourage you to talk about your responses with your classmates, but note that your work is **your work** and should always remain in your possession unless the teacher is currently grading it. Plagiarizing **any** assignment will **result** in a **0** for that assignment. Cheating on any quiz or exam will also immediately result in a zero for that assignment. Students caught cheating will not be able to make up the points lost on these assignments. Plagiarizing or cheating a second time will lead to an Unsatisfactory mark for Citizenship for the semester and a parent conference with the possibility of more severe consequences depending on the situation. The teacher and administration determine the degree of the severity of the consequence. In this class my ultimate goal is for you to develop **YOUR VOICE**. You may use the cited ideas and arguments of others to help support your arguments, but they still must be your arguments. It's **your position** that I want above all else in this class.

## FINAL NOTE

Please note that after teaching 14 years I have learned that every group of students is different. With that in mind, I reserve the right to change policies indicated above at any time during the semester. Before these changes occur though I will be sure to announce them in class and post a notice of these changes on the class website.

I want to end saying what an honor it is teaching these you this year. Please consider me your advocate here at Kennedy High School. You have a support system here at Kennedy as well as at home .Remember that and it will be a good year.
