

Spanish 1 Syllabus

- Course Objective: Welcome to Spanish1. You will learn an entire year of Spanish 1 vocabulary and grammar as well as cultural practices where Spanish is spoken. Completing this course help you to fulfill A-G requirements. Below I have outlined some key aspects of the class that I will describe more in detail as we progress through the year.
- Material: You will be provided with an **¡Español 1** text to use in class. In addition, you will receive weekly packets with vocabulary that we will complete in class. **I recommend all students purchase their own paperback Spanish-English Dictionary, or place a translation application on their cell phones** just to kickstart your great career in learning Spanish. You will be responsible for keeping your weekly packet updated with in-class activities. You are responsible for providing your own pencils and pens for daily work. All sharpening must be completed before the tardy bell.

Program Components
