1. COURSE NUMBER, TITLE, UNITS AND PRINCIPAL/DEPARTMENT APPROVED DESCRIPTION
   
   Math II (Two semesters; 5 units each semester; 10 units total)

2. GENERAL INFORMATION
   
   Term and year: 2015-2016
   
   Instructor: Jennifer Manzano-Tackett
   
   Class Room: C308
   
   Phone number: (916)433-5200 Ext. 1308
   
   E-mail address: Jennifer-manzano@scusd.edu

3. TEXTBOOKS AND/OR RECOMMENDED OR REQUIRED READINGS
   

4. GENERAL OVERVIEW
   
   Math II continues students’ study of topics from algebra, geometry, and statistics in a problem-centered, connected approach. Functions and algebraic representations of geometric concepts are the principle topics of study. Students will be expected to describe and translate among graphic, algebraic, numeric, tabular, and verbal representations of relationships and use those representations to solve problems. The new Common Core high school standards call on students to practice applying mathematical ways of thinking to real world issues, prepare students to think and reason mathematically, and emphasize mathematical modeling.

5. COURSE OBJECTIVES
   
   This program includes all the topics addressed in the CCSS Integrated Pathway: Mathematics II content map. These include:
   
   • Extending the Number System
• Quadratic Functions and Modeling
• Expressions and Equations
• Applications of Probability
• Similarity, Right Triangle Trigonometry, and Proof
• Circles With and Without Coordinates

6. COURSE REQUIREMENTS, ATTENDANCE AND SPECIFIC GRADING POLICY

Students earn grades. Grades are based on demonstrated mastery of concepts and development of skills, not effort or potential. The major component of your grade is determined by your results on exams and quizzes. Progress reports are available on the District Web site in Infinite Campus and I expect students and parents to use the District Web site. Student performance will be based on assignments, which includes homework (based on work collected), in class assignments (based on work collected such as worksheets, activities,), and tests which includes tests, quizzes, and the final exam. The overall course grade will be based on the following percentage distribution.

Daily Assignments (homework and class work): 20%
Exams/Quizzes/Projects: 60%.
Final: 20% The Final exam ALSO replaces the lowest assessment score if the final exam score is higher provided the student obtains parent signature.
The following percentage scale will be used in determining grades:
90% - 100% A 80% - 89.9% B 70% - 79.9% C 60% - 69.9% D 0% - 59% F

Students with special needs will have accommodations per IEP.
*Note: Extra credit will not exceed 2% of the grade in the daily assignment category.

7. DESCRIPTION OF MAJOR ACTIVITIES/EXERCISES/PROJECTS

Instructional Strategies and Activities Include:
• Lecture on concepts and techniques
• Presentation/modeling of examples and strategies
• Large and small group discussions and explorations
• Reading and writing assignments
• Practice and learning through classwork and homework assignments
• Applications to demonstrate relevance and extend learning
• Active student engagement in group work and discussions
• Quizzes, and tests to encourage and monitor learning
8. **GENERAL STATEMENTS**

Students are expected to be familiar with and adhere to policies in the JFKHS Student Handbook. The student handbook identifies student rights, responsibilities, discipline rules and consequences, behavior, and other information for academic and social success.

Late work resulting from student absences will only be accepted if absence is excused through the attendance office. It is the student’s responsibility to make arrangements with the teacher the day before or after the absence for make-up work.

Zeros will be issued on ANY daily assignment or assessment to cheating students and the enabler.

The teacher has the right to adjust assessments, daily assignments and due dates as necessary.
