General Overview:

Students continue to develop cultural awareness and communication skills involving reading, writing, listening, and speaking. The emphasis is on comprehension and production of normal speech on general topics, including travel, emergency assistance, health, simple business transactions, politics, traditions, customs, and habits. Students will demonstrate knowledge of grammatical detail. The emphasis at Level 3 is in refinement and fluency. All the major structures will be reviewed and commonly used written structure will be given emphasis. A large portion of course time will be devoted to developing reading and writing skills, which reinforce oral expression.
