

Mr. Vu (ThayBinh)

Subject: Human Anatomy & Physiology (10 credits)

Hours: Period 06 in Room B-31

Contact and Technologies:

916-395-5095 Ext. 506131

Email: Hoa-binh-vu@SCUSD.Edu

Infinite Campus (https://campus.scusd.edu/campus/portal/sacramento_city.jsp)

Online Evaluation: Quizizz.com

Virtual visualization and exploration: Ipad's Essential Anatomy 5 App

Textbook: Hole's Essentials of Human Anatomy and Physiology, 8th Edition

RE: Memo for AnaPhys Students and Parents @JFK HS

Dear students and parents,

I would like to welcome you to our 9 months of AnaPhys interaction. Please dedicate yourself to human body exploration commitment and application so you will make this worthwhile. Let's start a year of change in knowledge and in maturity.

Before getting into what we will be learning, I like to reinforce my expectations for radiating happiness and relevant productivity . Please consider the YES and the NO described below.

***School and I will say YES to these:

Intangible stuffs (Common sense, sensitivity, modesty, respect, courtesy, dedication, self-initiative, punctuality, preparedness and cooperation)

Tangible stuffs (Notebook, organization, assignment completion, writing utensils)

***School and I will say NO to these:

Senioritis, food, drink, gum, electronic / battery op. devices, graffiti, tardiness, profanities, irrelevant chit-chat, littering, cheating, stealing, immaturity, whining, lame excuses, distractive attires, hyperactivity, cocky / testy attitude, late work, procrastination, more than 5 unexcused absences per semester.

* What will you achieve from adhering to above YES expectations?

Just to name a few.....How about good grades in scholarship, citizenship, intelligence, confidence, competence and a strong foundation in human body knowledge. Please note that you have 24 living hours per day, this class might be part of your 24 required / elective passing classes to reach the end of your 13th year High School diploma. So be really serious to make this counted. Finish what you have started.

*What if you are inclined to be invasive and on the prohibited NO with I DO NOT CARE attitude?

You will have fair warning and / or conference with equity, respect and TLC. If all is exhausted, ABC =AttitudeBehaviorCitizenship points will be deducted along with inconvenient in house detention or parent conference according to level of severity. 111 points reflects you are #1 to EACH: EACH: parents, teachers and friends.

*Our typical but tentative routine will be like this:

1. There will be a weekly agenda, point accumulation, and grades posted on Infinite Campus, be sure to keep abreast and follow through
2. According to daily agenda board, you will be facilitated on the HOW TO DO through lectures, lab activities (Fetal pig, sheep brain, cow eyes, pig heart & chicken wing), concept mapping, homework reinforcement, group and individual interaction / practice, routine quizzes on quizizz.com
3. Please treat this classroom as the fitness club for the cranium (brain). So please always stay alert, on task, follow direction, and make our cranium toner and sharper as we progress.
4. We will cover the following systems:
Integumentary, Skeletal, Muscular, Nervous, Endocrine, Digestive, Respiratory, Cardiovascular, Lymphatic, Immune, Urinary, Excretory and Reproductive.

The homework is typically from the guided reading, daily check your recall,

The typical point accumulation is estimated from: Anytime Citizenship= 111 pts; Weekly Guided Reading=30 pts; Homework= 15 pts each ; Group project = 50 pts; Computer lab task= 25 pts; Friday quiz=50 pts; Chapter/ Unit Test=100; Semester notebook organization=100 pts.

Straight percentage will be used for letter grades as following:

A 90%-100%; B 80 -89%; C 70 - 79%, D 58% - 69%; F 0%- 54% .

Sincerely,

GOOD LUCK, Mr.Vu AKA Thay Binh
