Course Outline

Students develop cultural awareness and communication skills involving reading, writing, listening, and speaking. The emphasis is on comprehension and production of frequently used language.

Students practice extensively in oral communication and write simple messages, narratives, and letters.

Classroom activities are related to the real world and include developing an awareness of acceptable behavior in the foreign culture.

Cyber Netiquette

In class we will often use the internet to complete assignments, obtain pen pals, and practice Spanish. All school and classroom rules apply during these interactions on the internet. Students are also to stay on task with their assignment when using computers, cell phones, iPads, or other electronics for classroom purposes. The same consequences for misbehavior in school apply because these electronics and/or websites are an extension of the classroom.
