## GRADING CATEGORIES

## Course Description

This class will focus on the acquisition of high frequency structures, the most frequently used words in a language, in Spanish. We will use these structures in class discussions, stories, and cultural expectations. You will be expected to recognize these structures when you read or hear them, and in time, be able to produce them in speech and writing.

Most of the class will be spent using Spanish, not English, to help students acquire the language at a higher rate.

## Student Responsibilities

- Be respectful of yourself, your teachers, your classmates, and your school.
- Come to class prepared with the materials you need to do your work.
- Pay attention to your teacher
- Participate actively
- Ask questions when you don't understand

## Academic Integrity

Academic Integrity is being honest and responsible with regard to your schoolwork.

Most basically, it means that your work is your work, and anything that you have found somewhere else is credited to its source.

Students will receive a non-negotiable "0" on any assignment in which academic integrity has been breached, and will not be given an opportunity to redo the assignment.

- You may not copy another student's work or allow someone to copy your work.
- You may not use online translators to write sentences or essays.

Students caught cheating will get a score of zero, a referral, and a phone call home.
